

ONI TOHEEB DAMILARE

Full-Stack Web Developer

Lagos, Nigeria | +234 905 896 7999 | toheeboni@gmail.com

PROFESSIONAL SUMMARY

Full-stack web developer with 3+ years of experience designing, building, and maintaining modern web applications across the front end and back end. Skilled in React.js, Next.js, and React Native, with hands-on experience delivering corporate, e-commerce, and internal management platforms for agribusiness and FMCG clients. Dependable, detail-oriented, and committed to writing clean, high-quality code that meets business goals.

CORE SKILLS

- Next.js
- React Native
- Tailwind CSS
- MongoDB
- PostgreSQL
- Git / GitHub

PROFESSIONAL EXPERIENCE

IT Support Officer | Cardinal Torch Company Limited

June 2024 – Present

- Built and helped launch the Cardinal Treats e-commerce site, now live and actively processing real customer orders that generate direct revenue for the company.
- Collaborate with cross-functional teams to build and maintain digital experiences across multiple company products, including corporate, e-commerce, and internal management platforms — using MongoDB and Next.js.
- Partnered with the design and business teams to deliver a corporate website that increased the company's visibility in the agribusiness sector.
- Provide IT support across the organization, resolving hardware, software, and network issues to keep operations running smoothly.

Web Developer | 720Degree Innovation Hub

January 2022 – December 2023

- Adapted and maintained client websites to reflect evolving user preferences and business requirements through regular updates.
- Designed, implemented, and tested software solutions, integrating them with internal and external services.
- Maintained and supported front-end applications, ensuring consistent performance and usability.
- Produced clean, well-documented code for client projects using HTML, Bootstrap, JavaScript, and React.js.
- Collaborated with cross-functional teams and stakeholders to deliver digital experiences for multiple company products.

SELECTED PROJECTS
